Seven & i Holdings Selected as a Constituent of the Dow Jones Best-in-Class World Index for the Third Consecutive Year: Only Japanese Constituent in the Food & Staples Retailing Industry

Seven & i Holdings Co., Ltd. (Head Office: Chiyoda-ku, Tokyo / Representative Director, President & CEO: Stephen Hayes Dacus) hereby announces that we have been selected as a constituent of the World Index in the Dow Jones Best-in-Class (DJ BIC) for the third consecutive year. We have also been selected as a constituent of the Asia/Pacific Index in the DJ BIC for the 17th consecutive year.

The DJ BIC is a stock index jointly developed by S&P Dow Jones Indices LLC in the United States and Robeco SAM AG in Switzerland. This is a world-renowned ESG index for which constituents are selected based on a comprehensive assessment of companies in three dimensions: Governance & Economic, Environmental, and Social.

Among approximately 2,500 of the world's largest companies by market capitalization, the top 10% in the Corporate Sustainability Assessment (CSA) are selected for the World Index in the DJ BIC. Based on the assessment in the 2025 CSA, 317 companies (35 of which were Japanese companies) were selected as constituents of the World Index. We are one of only five companies worldwide and the only Japanese company selected in the Food & Staples Retailing industry.

We believe that our commitment to engaging in dialogue with our stakeholders, sincerely responding to their voices, and continuously addressing social issues through our core business has led to this global recognition.

Together with our stakeholders, we will continue to contribute to the realization of a sustainable society and the sustainable growth of our company with the aim of remaining a sincere company that earns the trust of our stakeholders.
