**Granting Stock Options for Stock-linked Compensation (Share  
Subscription Rights) to the Executive Officers of the Company as well as the Directors and  
Executive Officers of the Company's Subsidiaries**

At a meeting of the Board of Directors held on April 27, 2010, Seven & i Holdings Co., Ltd., decided to submit a proposal regarding share subscription rights to the 5<sup>th</sup> Annual Shareholders' Meeting scheduled to be held on May 27, 2010. The proposal, pursuant to Articles 236, 238 and 239 of the Companies Act, calls for entrusting to the Board of Directors decisions regarding the issuance of share subscription rights without contribution as stock options to the executive officers of the Company and to the directors (excluding outside directors) and executive officers of the Company's subsidiaries, as well as the determination of the subscription requirements.

1. Reasons for issuing the share subscription rights as stock options

In connection with the compensation system for the executive officers of the Company as well as the directors and executive officers of the Company's major subsidiaries, the severance payment system has already been abolished and a performance-linked compensation system has been introduced. We decided to issue share subscription rights without requiring payment of monies, that is, without contribution to the executive officers of the Company as well as the directors (excluding outside directors) and executive officers of the Company's subsidiaries. The purpose of this grant is to further promote their motivation to contribute to the enhancement of the mid-to-long term continuous business performance and enterprise value, and to arouse morale by causing the executive officers of the Company as well as the directors (excluding outside directors) and executive officers of the Company's subsidiaries to not only enjoy the benefits from rises in the share price, but also to bear the risks from declines in the share price.

2. Outlines of the issuance of the share subscription rights

(1) Grantees of the share subscription rights

Executive officers of the Company as well as the directors (excluding outside directors) and executive officers of the Company's subsidiaries

(2) Class and number of shares to be acquired upon exercise of the share subscription rights

The number of shares to be acquired upon exercise of one (1) share subscription right (the "Subject Share Number") shall be one hundred (100) ordinary shares of the Company, and the maximum total number of shares acquired upon the exercise of the share subscription rights shall be 127,000 shares.

The Subject Share Number will be adjusted by the following calculation formula if the Company engages in a share split, allotment of shares without contribution, or consolidation of shares after the allotment of the share subscription rights. Such adjustment shall be made only with respect to the number of shares that are the subject of the share subscription rights which have not been exercised as of such time, and any fraction under one (1) share resulting from such adjustment shall be rounded off.

$$\text{Number of shares after adjustment} = \text{Number of shares before adjustment} \times \text{ratio of split/consolidation}$$

In addition to the above, if any inevitable event arises where the number of shares must be adjusted after the allotment date, the Company will adjust the number of shares as necessary to a reasonable extent.
