5. Other Special Circumstances which may Have Material Impact on Corporate Governance **UPDATED**

Views on the independence of listed subsidiaries

(1) Views and policies on Group management

The Company has upheld its Corporate Creed of aiming to be “a sincere company that earns the trust of all stakeholders” as the fundamental basis of its Group management since its establishment and, with the basic stance of “contributing to the local community both in Japan and overseas by providing new experiences and values from the customer’s perspective,” we are advocating, as a Group vision we are seeking to realize by 2030, “a world-class retail group centered around its ‘food’ that leads retail innovation through global growth strategies centered on the Seven-Eleven business and proactive utilization of technology.”

In order to realize this Group vision, the Company, as a holding company overseeing the Group, is striving to embed the Group philosophy, etc., formulate Group strategies, establish Group governance, and take other measures to ensure the sustainable growth and medium- to long-term enhancement of corporate value. Moreover, we support, supervise, and optimally allocate resources for the business execution of Group companies. Meanwhile, the Group companies under our umbrella are striving to enhance corporate value and capital efficiency, while demonstrating their autonomy, by courageously tackling structural reforms and growth strategies based on the goals and plans established through dialogue with the Company, and fulfilling their responsibilities as they continuously apply the PDCA cycle.

Regarding the examination and review of our business portfolio, we continuously explore transitioning to a Group structure that enhances long-term growth and corporate value from the perspective of maximizing the Group's corporate value.

Although the Company owns Seven Bank, Ltd. as a subsidiary, the ATM platform business, banking business, and other operations conducted by the Seven Bank, Ltd. and its subsidiaries do not compete with the main businesses of our other Group companies, clearly separating business activities on both sides in a harmonious manner. We value the management decisions of our listed subsidiaries from the standpoint of respecting their independence and, consequently, we respect the independent and autonomous deliberation and determination of the banking subsidiary's business strategies, personnel policies, capital policies, etc., as it engages in its operating activities.

(2) Significance of holding a listed subsidiary

Seven Bank, Ltd., which provides financial services unique to the retail sector and aims to deepen relationships with customers as a Group company promoting retail-finance integrated strategy, is expected to contribute to solving management issues, enhancing profitability, and other aspects within our Group by leveraging the Group's management assets.

We recognize the subsidiary's listing on the market as one of the most effective means to ensure the reliability and transparency of management as a bank while enjoying the business synergy of mutually utilizing the customer base. In order for Seven Bank, Ltd. to achieve sound and sustained growth, the development of business innovation through an advanced combination of collaborations with various business partners based on the foundations of corporate trustworthiness and transparency of management is thought to be indispensable. Furthermore, the Company believes that it is preferable for the said subsidiary to enhance its corporate value through its own growth strategies, etc., from the standpoint of Group management.

In addition, in order to enhance the autonomy of Seven Bank and accelerate its growth, we have announced our policy to reduce our shareholding ratio in Seven Bank to less than 40% and exclude it from the scope of consolidation. However, we will continue to collaborate with Seven Bank to enhance the corporate value of both companies.

(3) Measures to ensure the effectiveness of the governance structure of the listed subsidiary

Seven Bank, Ltd. has established a Nomination and Compensation Committee chaired by an independent outside director, as an advisory body to the board of directors, and has discussions on items regarding recommendation of candidates for directors and executive officers. This ensures independence from the Company regarding the appointment of management. In addition, the said company appoints independent outside directors and outside audit & supervisory board members to supervise that there is no conflict of interest between the Company and shareholders other than the Company.

And the Company has not entered into any contracts related to Group management with the said company.

In addition, in order to respond to disclosure obligations, etc., the Company has established "Important Fact Reporting Guidelines" with the said company. Limiting to the items which may affect the timely disclosure of the Company, the consolidated financial statements of the Company, and those that may damage the credibility of the Group, we request the said company to report those items.

3. Reasons for Adoption of Current Corporate Governance System

At the Company, “Audit” conducted by audit & supervisory board members, including multiple outside audit & supervisory board members who maintain independence and have expertise in law and financial accounting, through active cooperation with

the accounting auditor and the internal audit department, and "Planning of management strategy" and "Supervision of business execution" conducted by the board of directors, including multiple outside directors who maintain independence and have advanced management experience and insight, these are working together to ensure the effectiveness of governance. We think that the above system is effective for realizing and ensuring the corporate governance of our company, and we have adopted the system because we consider that it is possible to carry out appropriate and efficient corporate management.

3. Status of Measures to Ensure Due Respect for Stakeholders

UPDATED

	Supplementary Explanation
Establishment of Internal Rules Stipulating Respect for the Position of Stakeholders	<p>The Company and each Group operating company conduct business based on a common corporate creed.</p> <p>Corporate Creed</p> <p>We aim to be a sincere company that our customers trust.</p> <p>We aim to be a sincere company that our business partners, shareholders and local communities trust.</p> <p>We aim to be a sincere company that our employees trust.</p> <p>Based on the above corporate creed, "the basic posture", which is basic stance and actions to be taken to realize it, has been established.</p>

	<p>The Basic Posture of Seven & i Holdings Employees https://www.7andi.com/en/sustainability/policy/guidelines.html</p>
Implementation of Environmental Preservation Activities and CSR Activities, etc.	<p>The Company and its Group companies aim to improve both social and corporate value by responding to the expectations of stakeholders and societal requests through its business activities, including stores, products, and services. We believe that addressing the Material Issues, which the Group should tackle, identified through dialogue with stakeholders, and solving these issues through our business will lead to the realization of sustainable corporate growth and sustainable society. Regarding the promotion of activities to resolve the Material Issues, we prioritize actions to be taken while considering the business characteristics of the Group, and formulate and implement solutions to the issues through the “Sustainability Committee,” which meets twice a year and is chaired by the President and Representative Director, and “Compliance Subcommittee,” “Corporate Ethics and Culture Subcommittee,” “Supply Chain Subcommittee,” “Environment Subcommittee,” and “Social Value Creation Subcommittee,” all of which are established under the Sustainability Committee.</p> <p>In particular, we believe that measures against climate change are indispensable. Therefore, we have formulated the Group’s environmental declaration “GREEN CHALLENGE 2050,” set quantitative targets for 2030 and 2050 for four issues that have a large social impact, and are working on it. As the issue of climate change becomes more serious every year, we have declared our support for the TCFD recommendations to fulfill our responsibility to our stakeholders by continuing to provide products and services that support the lifestyles of our customers, even in the face of the effects of climate change. Following Seven-Eleven Japan Co., Ltd. in FY2021, we analyzed the “risks” and “opportunities” posed by climate change in relation to the store operations of Ito-Yokado Co., Ltd. and York-Benimaru Co., Ltd. in FY2022, and 7-Eleven, Inc. in FY2023, and conducted scenario analysis aimed at formulating business strategies to expand “opportunities”. In September 2024, we also disclose information in line with the recommendations of the TNFD, which establishes a framework for appropriately assessing and disclosing risks and opportunities related to natural capital. Moreover, recognizing the close interrelationship between climate change and nature issues, we will adopt an integrated approach to address both areas. Our aim is to advance environmental measures that contribute to building a sustainable society.</p> <p>Please refer to the following URL for details. Other	<p>< Cultivating a culture where diverse human resources can thrive and promoting the participation of women ></p> <p>The Company and its Group companies have set “Achieve a society in which diverse people can actively participate” and “Improve work engagement and environment for people working in Group businesses” among the 7 Material Issues that we should tackle as the Group, and are promoting initiatives to create an organizational culture where diverse human resources working in Group can</p>

thrive. In 2012, we internally launched Diversity Promotion Project (currently the DEI Promotion Project) , and with the five goals of achieving “1. Female executive officer/female manager (section manager/assistant manager level) ratio of 30%; 2. Male employee encouragement to participate in housework and childcare; 3. Zero retirements resulting from need to provide family care; 4. Normalization promotion; and 5. Encouragement of understanding of LGBTQ+ (the goal was revised in 2023), all by the end of February 2026,” we have been promoting work style reforms in collaboration with the domestic Group companies and implemented various measures. As an example of our activities, we have been holding the Female Encouragement Seminar, where female employees of approximately 20 Group companies participate as manager candidates, since 2021, and the “Empowerment Session for Women Leaders” for female executive officer candidates since 2022. We are also taking various measures, such as providing training for employees of our company and group companies, introducing a childcare leave system to encourage men to participate in childcare, and providing training to eliminate unconscious bias. At the same time, we hold regular meetings attended by the people in charge of promoting these activities at each domestic Group company, allowing us to quickly share Group policies and visualize the progress of each Group company's activities, as well as share success stories, in order to ensure the swift execution and steady promotion of measures. Currently, we have 2 females among 13 directors (female director ratio: 15.4%), and 2 females among 5 Audit & Supervisory Board members (female Audit & Supervisory Board member ratio: 40.0%). Moreover, within the Group, the ratio of female executive officers (Note 1) is 19.2%, that of female section managers is 29.0%, and that of female assistant managers is 34.6% (Note 2). Within the group, the ratio of childcare leave acquisition for male employees is 50.7% (Note 3), and the employment rate of people with disabilities at the Company and 4 Group companies is 3.26% (Note 4).

(Note 4) Group applicable employment rate in 5 companies: Seven & i Holdings Co., Ltd., Terube Co., Ltd. (a special subsidiary where people with severe disabilities), Seven-Eleven Japan Co., Ltd., Ito-Yokado Co., Ltd., and Seven & i Food Systems Co., Ltd., as of June 2024.

IV. Matters Concerning the Internal Control System

1. Basic Views on Internal Control System and Status of Development

The basic policy for internal control system and its maintenance status are described in "Internal Control Resolutions" in

“Corporate Governance” on our website. Please refer to the following URL for details.

https://www.7andi.com/library/ir/management/governance/en/pdf/Internal_control_resolutions.pdf

2. Basic Views on Measures for Eliminating Anti-Social Forces and Status of Development

The basic idea for eliminating antisocial forces is stipulated in the above-mentioned resolution of the Board of Directors regarding the internal control system and in the "Seven & i Group Corporate Action Guidelines". It is stated that we will not be involved with anti-social forces, organizations or groups that threaten the order of society and the safety of civilian life, and will firmly confront and eliminate these pressures.

V. Other

1. Adoption of Anti-Takeover Measures

Adoption of Anti-Takeover Measures

Not Adopted

Supplementary Explanation for Applicable Items

As of now, the Company has not clearly established the "Basic policies regarding the state of person(s) controlling the decision making over the financial and business policies of the Company" (Article 118, Item 3 in Ordinance for Enforcement of the Companies Act). However, we are aiming to maximize the corporate value of the Group through further improvement of business performance and strengthening of corporate governance, and we think that it is appropriate to take measures toward the large-scale acquisition of the Company's shares that may damage the corporate value of the Group. We believe that we need to take action. We will continue to carefully consider this basic policy in light of future trends in legal systems, judicial precedents, and social trends.

2. Other Matters Concerning the Corporate Governance System

The basic policy and internal system status regarding the timely disclosure of our company information are as follows.

1. The basic policy regarding timely disclosure

The basic policy regarding information disclosure is posted on our website. Please refer to the following URL for details.

https://www.7andi.com/en/ir/management/governance/shareholder.html#disclosure_policy

2. The system of timely disclosure

(1) Important information that belongs to the decision facts, including important information of each Group company, is centrally grasped based on the procedure approved by the Information Management Committee. The necessity of timely disclosure will be determined through discussions with related departments. In cooperation with the Board of Directors, the representative director will confirm and disclose the information after undergoing internal decision procedures.

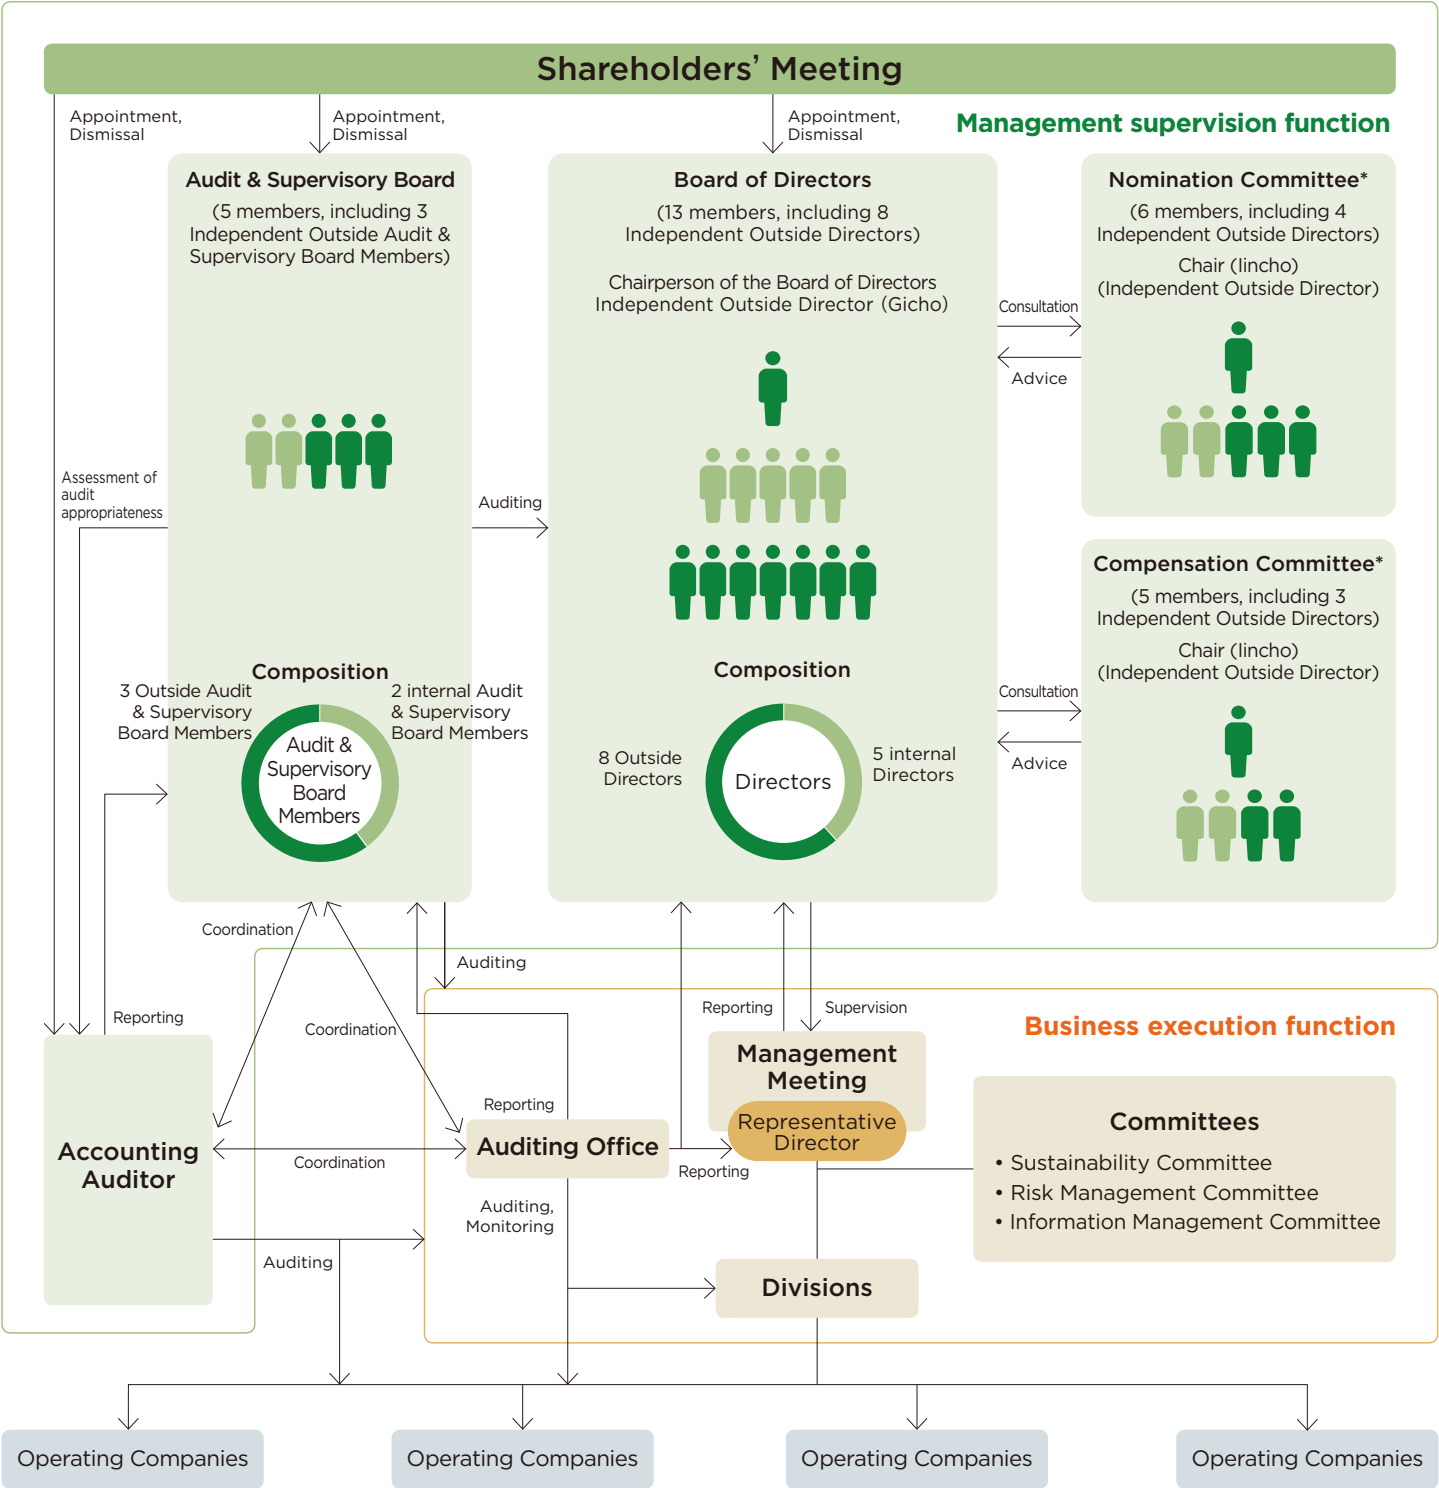

(2) Regarding the facts of sudden occurrence, the person in charge of each department collects information using the Emergency Code of Conduct Manual. We will try to understand the situation, and eventually the information will be collected by the representative director. Disclosure will be carried out without delay as necessary.

(3) Company information that is deemed necessary to be disclosed in a timely manner will be disclosed in a timely manner by the "person responsible for information management" delegated by the representative director, by the method specified by the stock exchange. At the same time, it will be posted on our website, and the investor briefings will be held as necessary.
